

Moroccan Film Centre

**CIRCULAR**

Managers of production companies that benefit from advances on receipts are hereby notified that for the years 2002 to 2012, they have been granted an additional period expiring on 30 September 2013 to regularise the situation of their films with the Moroccan Film Centre and the *Fonds d'Aide à la Production Cinématographique Nationale* (National Film Production Assistance Fund).

In particular, that regularisation concerns the fourth *tranche* of films that have already been viewed by the *Commission d'Aide à la Production Cinématographique Nationale* (National Film Production Assistance Commission), as well as films for which the deadline for the start of filming is not respected.

After the deadline, non-compliant production companies shall be prohibited from presenting a new film plan to enjoy the benefit of advance on receipts; that prohibition shall last until their situation has been regularised.

The Director General of the  
Moroccan Film Centre  
Nour-Eddine Saïl
