and ONLINE on [SERIESMANIADIGITAL.COM](https://seriesmaniadigital.com)**

The **Co-Pro Pitching Sessions** are **SERIES MANIA FORUM's** oldest and most renowned program, bringing together high-quality projects, key players, decision makers and financiers from all over the world.

Every year, **SERIES MANIA FORUM** selects **15 series proposals**, amongst hundreds that display creativity, innovation, and narrative perspectives not yet seen.

Creators and producers behind the chosen projects **are invited to pitch their series in Lille**, following in the footsteps of earlier projects such as *The Head* or *No Man's Land* to find international financing partners.

After the pitching session, the teams behind each project are also given the opportunity to exchange individually **with key industry representatives during one-on-one presential and digital meetings**. The Co-pro Pitching Sessions also offers selected projects exposure on **SERIES MANIA digital platform**.

Finally, a professional jury selects and awards the best project **a grant for 50 000 euros**.

The Call for Projects for the 2021 Co-Pro Pitching Sessions is currently [open](#).
